

Reconciliation Table – Equipment (Public Safety) Regulations

2017

This reconciliation table provides a comparison between the regulatory provisions in the *Equipment (Public Safety) Regulations 2007 (EPS Regulations 2007)* and the regulatory provisions in the *Equipment (Public Safety) Regulations 2017 (EPS Regulations 2017)*.

You will note that the regulations have a different numbering and formatting style. This reflects changes in legislative drafting since the EPS Regulations 2007 (developed 10 years ago).

Where a regulation is new, or has been removed, the table will clarify this by noting that there is 'No equivalent' in either the EPS Regulations 2007 or EPS Regulations 2017.
