

Reconciliation Table – Occupational Health and Safety Regulations

2017

This reconciliation table provides a comparison between the regulatory provisions in the *Occupational Health and Safety Regulations 2007* (OHS Regulations 2007) and the regulatory provisions in the *Occupational Health and Safety Regulations 2017* (OHS Regulations 2017).

You will note that the regulations have a different numbering and formatting style. This reflects changes in legislative drafting since the OHS Regulations 2007 (developed 10 years ago).

Where a regulation is new, or has been removed, the table will clarify this by noting that there is 'No equivalent' in either the OHS Regulations 2007 or OHS Regulations 2017.
